

# THIS IS THE POINT WHEN WE TURN THE TOUR OVER TO YOU AND LET YOU RUN WILD THROUGH INCREDIBLE UNIVERSE.

## HOW ABOUT SOME POPCORN OR JUJI FRUITS?

In our home theatre rooms you'll feel like you're at the movies. These rooms are filled with all the best audio and video technology. So you can just sit down and experience the products before you buy them.

## "I'M LOOKING FOR SOMETHING IN A TEAL"

This is the Kitchen Design Center where amateur interior designers a.k.a. homeowners can plan their kitchens on a computer. See which countertop looks best with which refrigerator. I'm telling you it's simply marvelous, my dear.

## MORE STOCK THAN WALL STREET.

And here's the stockroom. You probably think we have a lot of merchandise in the showroom. Well, you're right. But, we've got a heck of a lot more in this room. It's so big we once lost a herd of elephants in here. No, I don't know what they were doing in here. But, that's just what I heard.

## OOPS!

This place is called the Black Hole. It's where damaged goods go and receive ridiculously low prices. Which seems to attract everyone. There's no resisting it.

## GAME NEVER OVER, DUDE.

This place is just like an arcade but you don't need quarters. Check out any of the new games and game machines here. See if you like them. And then convince your spouse you're buying it for the kids. It's a simple plan.

## WHERE ALL THE COOL STUFF HAPPENS.

This is where the giant screen display is, and the occasional live performance, and prize giveaways, and sometimes there's a clown running around making balloon animals. And who knows what else. Well, I'm pretty sure somebody actually does.

## GETTIN' HUNGRY YET?

I know I am. And lookie here, a famous fast food restaurant right in the middle of an electronics and appliance store. What are the chances of that?

## ENJOY THE ROMANCE OF SHOPPING.

This means we'll watch your kid if he's at least three years old. While the two of you, or just the one of you, enjoy the magic of shopping alone. The KidzView® is stocked with toys and games, so the kids won't mind either.

## OOOH! AAAH!

This is where that "keep your hands on the merchandise" policy really gets fun. All the cutting edge audio/video products are shown off in here. Sometimes, if you look real close, you'll see some guy drooling.

## WE CAN MAKE BEAUTIFUL MUSIC TOGETHER.

It's our Karaoke booth. Where our guests butcher their favorite songs while starring in a music video. By the way, if some famous producer makes you a star we want our cut.
