# E-MAIL MADE EASY

WITH MAILSTATION

Plug it in and turn it on.

Type an e-mail. It comes ready to use (no set-up required).

Press a button to send your message. Seconds later your e-mail is delivered!

"...a practical solution for family members... who are currently out of the e-mail loop."

MailStation™
E-mail Made Easy

E-MAIL WITHOUT A PC.

E-mail Made Easy

It's the revolutionary idea behind MailStation™ And it enables everyone—especially those who don't want or need a computer—to rise above the confusion and cost of a PC, modem, and software. With MailStation, all you need to enjoy the benefits of e-mail is a phone line.

MailStation comes ready to use right out of the box. A call to Customer Support will help you get your own personalized e-mail address as well as set-up a service plan that's right for you. It's that easy.

HOW MAILSTATION WORKS
